

# CANVAS | MIXING IDENTITIES 2021

London | April 15 - May 14, 2021

**ITSLIQUID Group**, in collaboration with **YMX Arts**, is pleased to announce the opening of **MIXING IDENTITIES**, third appointment of **CANVAS - London International Art Fair**. Curated by Arch. Luca Curci, **MIXING IDENTITIES** will be presented in **London** at **THE LINE Contemporary Art Space** from April 15 to May 14, 2021.

The word “**canvas**” was used for the first time in Italy in the 14th century and it has become the most common support medium for oil painting, replacing wooden panels. During the centuries, the canvas’ **meaning** has changed, starting from paintings, through the photographic and cinematographic film, exploring the human body, to the digital world. Canvas is the creatives’ common ground, on which they can **express themselves**. We invited all the artists to share their personal artistic research through any kind of media, from painting to sculptures and installation, from photography to videoart and live performance.

The concept of **MIXING IDENTITIES** is based on the reconstruction of **new identities**: the **transformation** of our identities is essential to face the **changes** of the contemporary world. The process of building ourselves passes through the continuous **relations** with other people’s identities and the identities of **communities, cultures and societies**. The event will be focused on the human body as a changing system that connects us with other bodies and spaces to perceive the surrounding reality, a strong communication system with its own language and infinite ways of expression. We invited artists to analyse **the hidden parts of our identities**, through an immersive experience inside the fascinating universe of the complex labyrinths of our consciousness.
